

RESEARCH ASSIGNMENT & PRESENTATION

ARCHITECTURE 305 – TRENDS/STYLES IN RESIDENTIAL BUILDING CONSTRUCTION

Students **MUST** work individually to complete the following requirements:

ALL presentations **MUST** be submitted by 3:30pm the day before the first presentation is slated for. IF it is not submitted, student will receive a loss of 5% per day on their assignment. A **MISSED** presentation will result in a loss of 10% and students are required to reschedule their presentation time.

RESEARCH: Students must use class time to research a trend/style of their choice in residential building construction. All sources must be quoted. Any plagiarism will result in a zero for this assignment. All Research and notes must be submitted on the due date.

PRESENTATION: Must be 10-13minutes in length. Be sure to leave time for 2 questions you're your peers at the end of the presentation.

PowerPoint:

- Key points (in point form), no sentences
- Aid in presentation
- Include photos and diagrams where necessary

Video:

- Maximum 5 minutes in length
- Must support presentation
- Not necessary in success of presentation

INFORMATION TO INCLUDE:

- Basic information/knowledge
- Location – where is it used?
- Background
- Importance
- Sustainability
- Cost
- Examples/samples
- Additional information/fun facts

** all students are required to peer evaluate on all presentations. Unexcused absences will result in a loss of marks.

** any inappropriate or rude behavior during other presentations will result in a lunch hour in the Drafting Lab and a phone call home.
